

U.S. NEW ENERGY VEHICLE TRADE MISSION TO CHINA

NOVEMBER 6-10, 2017 | GUANGDONG, JIANGSU, SHANGHAI

Don't miss this **COST-EFFECTIVE** opportunity to get an “on the ground” taste of China’s New Energy Vehicle landscape and inside track into crafting your “Go-to-China” strategy.

OBJECTIVES OF THE TRADE MISSION:

[China has just announced an imminent end to gas and diesel cars](#), which will bring tremendous opportunities for Electric Vehicle Industry. The trip's purpose is to support the business development goals of relevant U.S. firms as they construct a firm foundation and develop crucial "Access-to-China" connections for future business in China.

HIGHLIGHTS:

- ◇ **ALL-EXPENSES PAID TRIP (REALLY!)** via the US-China Clean Transportation Cooperation Program Fund
- ◇ Enjoy a week of B2B/B2G meetings, industry workshops, market briefings, pitch presentations, and networking events with local government, business and association leaders **capable of becoming strategic commercial partners, investors, and clients.**
- ◇ Tailored for Executives, Entrepreneurs, and Innovators with proven, "China-ready" New Energy Vehicle technology solutions, covering new energy passenger cars and commercial vehicles, batteries, motors, electronic control system, energy storage, etc.
- ◇ Balanced in scale and scope—**trip covers most important Tier 1/Tier 2 new energy vehicle markets** in Yangtze River Delta and Pearl River Delta regions in China.

Did we mention all costs are virtually paid for? This is as close to a FREE business trip to China as you'll ever see!

Dr. Feng An
Executive Director
U.S.-China Cleantech Center

...and supported by:

UCCTC IS DELIGHTED TO BE BRINGING ANOTHER U.S. CEO BUSINESS DELEGATION TO CHINA FOR A WEEK, FOLLOWING OUR HIGHLY-REVIEWED TRIPS IN 2012, 2013, 2014, 2015 AND 2016!

"The strong 'country and industry' support from the US Commercial Services team in Beijing along with the folks at the US-China Clean Tech Center (UCCTC) is nothing short of brilliant."

- Tim Tangredi, CEO of Dais

"The Energy Efficiency Trade Mission to China was a wonderful opportunity to both further California's energy policies...and also to help develop business opportunities for California energy firms. There were both meetings with Chinese high level officials and matchmaking events for the corporate participants. We covered a lot of ground and made numerous contacts —all things that will help further cooperation between China and California."

- Robert Weisenmiller, Chair of the California Energy Commission

"US-China Clean Tech Center's (UCCTC) organization and presence in China is a force multiplier in terms of mitigating the challenges of access and understanding of policy makers, regulators, and prospective customers. As we enter the Chinese market for a diverse portfolio of products, UCCTC is an integral part of our strategy."

- Mazzi C. Ghoddoussi, Head of Business Development, i2m LLC, a MANN+HUMMEL company

"Thanks to UCCTC, Wisconsin companies have been effectively connected to influential China partners and expanded market opportunities. We most highly recommend the UCCTC."

- Beng Yeap, Market Development Director Asia Pacific, Wisconsin Economic Development Corporation
